### **PRESIDENT'S REPORT**

President Gee:

Ladies and gentlemen, because of the fact that the hour is a little bit long, I will try and keep my remarks short. Let me just say a couple of things, first of all several images stand out in my mind since our last meeting. The first is on the seventh of June handing out diplomas to students from some 80 countries around the face of the earth. Then, one week later, I met Edwin Ngidi who had received his Ph.D. from Ohio State in 1994. Here he is -- out in the middle of South Africa -- teaching people how to improve poultry production and, ultimately, to improve the quality of their lives.

That meeting reminded me that the people who receive those diplomas go on to make an enormous difference in the world that they inhabit. It is the character of Ohio State that many students come to us from afar, sacrifice greatly, and go home to enormous challenges. Armed with their Ohio State degrees, they impact hundreds of thousands of individuals.

I remember also meeting an agricultural engineer in Uganda. I walked into his class, he was wearing an Ohio State hat with a big "O" on it and the first thing that he says to me is "O-H-I-O." What do you say when someone says that to you? These are all snapshots to communicate to you the remarkable -- and I've recalled this on several occasions -- but certainly the spiritual experience that we all had in going to South Africa and Uganda with our great team of academic folks and basketball team, all of whom represented us quite well.

Of course, I can't help mentioning that I received the distinct honor of being named an honorary member of the Hippo Clan in Uganda. The chief gave me the name Ssejjengo. I want to clear up one thing -- the name means "Big Wave," NOT "Big Wind." But, nonetheless, I want you to know that it was a delightful experience.

Earlier this week I was on one of my State Tours, spending three days in the western part of Ohio. On the Rothschild Berry Farm in Urbana, I saw an international specialty gourmet food manufacturing operation based on 170 acres of raspberries and herbs.

The Stadler Farm, also in Urbana, has been designated as the "farm of the future" for our 1996 Field Days in the fall. Featuring advanced technology crop production, the Stadlers' corn and soybean operation is part of the Mad River watershed, and

## **PRESIDENT'S REPORT (contd)**

President Gee: (contd)

their farming techniques are environmentally friendly. The Mad River is Ohio's only cold water trout stream.

So, from a 4-H camp to the Madison County Fair, I saw Ohio State at work for Ohioans.

There are other Buckeyes travelling this summer. The Ohio State Jazz Ensemble, under the direction of Professor Ted McDaniel, is appearing at Jazz Festivals this month in Amsterdam and Montreux, Switzerland. And, while the world comes to America for the Centennial Olympics, Ohio State will be very well represented. Next week, you will see the Ohio State cheerleaders participating in the opening ceremony.

Among the athletes and coaches will be Peter Kormann, U.S. men's gymnastics coach, Miles Avery, assistant U.S. gymnastics coach, and two members of that team: junior Blaine Wilson and Kip Simon -- who, by the way, graduated in June. Nancy Darsch is assistant women's basketball coach. Vince Panzano is our diving coach and Patrick Jeffery and David Pichler are former Buckeye divers who made the U.S. team.

Diver Mary Ellen Clark has a master's from Ohio State, earned while working with Coach Panzano. Coach Russ Hellickson will provide commentary for NBC television coverage of wrestling. In track and field, Butch Reynolds and Joe Greene will be joined by steeplechase runners Mark Croghan and Robert Gary.

Several Buckeye varsity athletes will represent other nations in the games. Rich Jones will run the 400-meter dash for Guyana. Marko Strahija will swim for Croatia. Roger Smith will play tennis for the Bahamas and Gabe Koves will be a member of the Hungarian tennis team. And a number of Ohio State faculty and staff are involved in athletic training, officiating, and facility management.

Of course, I might note, that we have our own Olympian right here, as Tami Longaberger Kaido carried the Olympic torch on its way through Central Ohio! You only stumbled once and embarrassed us none.

The campus is not quiet this summer. We are in the middle of summer orientation for the entering fall class. Our Young Scholars are attending classes and workshops. And this month, we host youngsters in 10th, 11th, and 12th grades for the Summer Institute for the Gifted and Talented in the Arts, the Summer Institute in Engineering, and an Ohio Supercomputer Center program in scientific visualization.

I am delighted that on your agenda today is the appointment of Dr. Alan Goodridge as dean of the College of Biological Sciences. He is one of this nation's notable scholars and headed the Department of Biochemistry -- one of the most distinguished in this country -- at the University of Iowa.

I also want to note the appointment of the dean of the College of Humanities, Kermit Hall, as Executive Dean of Arts and Sciences. Dean Hall, by the way, has done an outstanding job with his college, and will provide strong coordination for the five colleges in Arts and Sciences.

Finally, I want to pay tribute to the former secretary of this board, Madison Scott, who passed away last month. Madison gave long and committed service to The Ohio State University, for many years in personnel services and more recently for this board and with me. Madison participated in the development of the university, seeing the institution through some very, very challenging times. For me, he was,

### **PRESIDENT'S REPORT (contd)**

President Gee: (contd)

and for many, an institutional memory, placing discussions and decisions in their historical context.

Just a few days before his death, Madison's son David received a Master's degree in Public Policy at our June commencement. I know Madison was very proud of his family and, of course, they of him. Madison Scott devoted his professional career to this university and, I know, I speak for his many friends at the university and on this board when I say that he will be missed.

Mr. Chairman, that concludes my report.

### **STUDENT RECOGNITION AWARD**

Mr. Berkman:

Jennifer Ann Grimes came to The Ohio State University from Eastern High School in Brown County, Ohio. She became involved in service-related activities the moment she set foot on this campus. Jennifer served as a University Ambassador, volunteering her time to recruit top students to Ohio State.

Through The Ohio State University Cooperative Extension Service, she developed and coordinated youth leadership and self-esteem programs throughout southwestern Ohio. In 1993, she received an OSU Presidential Leadership Citation for her efforts.

Jennifer also served The Ohio State University community as a member of Ohio Stater's, as a president of Ohio Stater's, and as a coordinator of the 1992 Ohio Wheelchair Games, which Ohio Stater's sponsors. In 1993, Jennifer won the Edward S. Beanie Drake Student Leader Scholarship, and the very next year she served on the all student-run Scholarship's board of directors overseeing the distribution of the scholarship.

As a member of the Student Alumni Council, she chaired the Survival Kits project -- a fundraiser for SAC -- which enabled parents of Ohio State students to send their sons and daughters care packages to help them make it through finals' week. Jennifer, on behalf of the thousands of students who received those care packages, thank you very much.

The people with whom Jennifer has worked with have yet to find a meeting that she isn't able to attend, an intramural team that she isn't eager to captain, or a committee that she doesn't have time to chair. In fact, many of her friends wonder if she ever had time to go to class. The fact that she is graduating at the end of this summer's quarter with a major in Family Resource Management and Consumer Affairs seems to indicate that indeed she did.

Jennifer Ann Grimes, if you would please come forward, the Board of Trustees of The Ohio State University would like to present you with the Student Recognition Award.

President Gee:

I might note that she is wearing scarlet and gray. In fact, that is the only thing I have ever seen her in!

## **HOSPITALS BOARD REPORT**

Mr. Skestos:

The Professional Affairs/Education/Research Committee and the Executive Committee of the Hospitals Board met on June 27, 1996. The Professional Affairs Committee reviewed a comparison report on hospital-wide quality and/or utilization trends for the period of 1993-1996, as well as an annual evaluation result report. Approved was a revised hospital-wide Clinical Quality Management Committee Plan that now expands the quality programs into the integrated delivery system. There was discussion about the development and implementation of a university-based program to ensure compliance with a recently released federal guideline for teaching physician professional fee billing.

The Executive Committee accepted the annual report of the Hospitals Service Board for 1995-96; approved the April 1996 medical staff appointments/reappointments; and approved a recommendation to the University Board of Trustees for the formation of the Ohio Health Alliance, a not-for-profit corporation, for the purpose of developing and delivering Medicare Choices, a managed care insurance program in collaboration with U.S. Health.

After reviewing a proposed financial forecast of a MedOhio Health Plan product, the Executive Committee approved a loan in the amount of \$600,000 to MedOhio Health, Inc. to be used toward the formation of a Medicaid managed care insurance product. Initiatives to establish a fully licensed acute care specialty hospital within University Hospitals, as well as establishing nursing home options within our continuum of care were discussed.

In addition, the Hospitals is also recommending the appointment of Mary Grose, Associate Director of Clinical Labs, to serve as a trustee on the Labnet of Ohio, Inc. Board of Trustees in her representative capacity for the University:

### **APPOINTMENT TO LABNET OF OHIO, INC.**

Resolution No. 97-1

Synopsis: The Hospitals recommend the appointment of Mary Grose, Associate Director of Clinical Labs, to serve as a Trustee on the Labnet of Ohio, Inc. Board of Trustees in her representative capacity for the University.

WHEREAS the University Hospitals has agreed to participate in Labnet of Ohio, Inc. ("Labnet"), a non-profit Ohio corporation that was formed to offer lab services of its members to managed care companies; and

WHEREAS the University Hospitals, as a member of Labnet, is entitled to appoint one Trustee to the Labnet Board of Trustees; and

WHEREAS the University Hospitals recommends that Mary Grose, Associate Director of Clinical Labs, be appointed as a part of her duties as a University employee to serve as a Trustee on the Labnet Board of Trustees:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees of The Ohio State University hereby approves the appointment of Mary Grose to serve as Trustee for Labnet of Ohio, Inc., representing the University in such capacity as part of her official duties and responsibilities to the University and entitling her to any immunity, insurance, indemnity, and representation to which employees of the University now are, or hereafter may be, entitled.

**APPOINTMENT TO LABNET OF OHIO, INC. (contd)**

Upon motion of Mr. Skestos, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

**AGRICULTURAL AFFAIRS COMMITTEE UPDATE**

Mr. Patterson:

Mr. Chairman, yesterday Tami and I had a truly unique experience. We had the opportunity to take a canoe trip down the Darby Creeks at the invitation of Bob Moser, Vice President and Executive Dean for the College of Food, Agricultural, and Environmental Sciences. Both creeks are designated as state and federal wild and scenic rivers and are listed by the nature conservancy as one of the last great places in the western hemisphere.

The canoe trip began within the Battelle-Darby Creek Metro Park. With seining nets in hand, and with assistance from the Ohio Department of Natural Resources -- representatives from the Ohio EPA, the Extension Service, and the scenic rivers also assisted us -- we ventured into the creek to do the "Darby Shuffle," which was kicking up mollusks and muck in there and it was a great experience. Many of the samples that we found were very intolerant to pollution and their very existence in the Darby is testimony to the water quality in the creeks.

Further down the creek we stopped at a sand bar in mid-creek to learn about the fish population. The Ohio EPA had done some electro-fishing -- which was new for me -- and collected a wide variety of fish species from Darters to Small Mouth Bass. The diversity of fish collected from this section of the creek was very impressive. The Metro Parks Naturalist and the OSU intern explained the diversity of over 40 species of mussels, including 11 rare or endangered species, that exist in the Darby Creeks.

With the exception of an occasional fisherman and one roadway overpass, it was hard to believe that we were anywhere near a major metropolitan area. A little tired, our feet a little squishy, we finished our Darby adventure with a greater appreciation for the beauty and importance of this natural resource, and OSU's role in the Darby partnership and their dedication to preserving this area for future generations. It truly is a partnership because it is agriculture -- farmers working with naturalists and environmentalists to make something work.

Thank you very much, Mr. Chairman.

Mr. Wexner:

Thank you. Glad your back. I'd like to hear Tami's report on this later.

**EDUCATIONAL AFFAIRS COMMITTEE REPORT**

Mr. Shumate:

As part of the Educational Affairs Committee agenda this morning, we received a report from Dr. Alayne Parson and Professor Randy Smith, which was an update on the current University-wide accreditation review for the North Central Association of Colleges and Universities. This is a very important project for the University in that such a review only occurs every ten years.

## **EDUCATIONAL AFFAIRS COMMITTEE REPORT (contd)**

Mr. Shumate: (contd)

In preparation for the report, the Office of Academic Affairs created a faculty, student, and staff steering committee that has begun to gather relevant data and is in the process of beginning to draft an initial report. This report will address how the University completes its three-part mission of instruction, research, and service.

The final report, Mr. Chairman, will be submitted in November of 1996 and a site visit team will be here December 9-11. The Board will be receiving copies of the draft reports, we will be asked to comment on these reports, and, in addition, we will be asked to meet with members of the site visit team in December.

On behalf of the Committee, I would like to recommend the following resolutions to the Board for approval:

### **RENAMING OF DEPARTMENT**

Resolution No. 97-2

WHEREAS the Department of Industrial Design has long been burdened with a name that failed to reflect the breadth of its courses, programs, and scholarship; and

WHEREAS the proposed name does describe adequately the Department's role and functions within the University; and

WHEREAS faculty in that Department have voted in favor of the proposed name; and

WHEREAS related units in the University have been consulted and do not object to the proposed name; and

WHEREAS the proposed name change has the approval of the Council on Academic Affairs, and was approved by the University Senate at its June 1, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the Department of Industrial Design be renamed the Department of Industrial, Interior, and Visual Communication Design.

### **NEW DEGREE PROGRAM**

Resolution No. 97-3

WHEREAS Ph.D. education programs in Nutrition currently occur in three Colleges: Food, Agricultural and Environmental Sciences, Human Ecology, and Medicine; and

WHEREAS consolidation of these programs into a single multidisciplinary, University Ph.D. program in Nutrition will strengthen graduate teaching and research in nutrition, while encouraging efficiency in organization and use of resources; and

WHEREAS the University Ph.D. program in Nutrition will be unique among state-supported universities in Ohio; and

WHEREAS faculty in the three Colleges currently offering Ph.D. programs in nutrition have voted strongly in favor of consolidation, and graduate students have been consulted appropriately; and

**NEW DEGREE PROGRAM (contd)**

WHEREAS the proposed program will be administered in accordance with all pertinent university rules and guidelines; and

WHEREAS a memorandum of understanding has been filed committing the Colleges of Food, Agricultural, and Environmental Sciences; Human Ecology; and Medicine; and the Graduate School to provide resources to support the proposed program; and

WHEREAS the University Ph.D. program in Nutrition has the approval of the Council on Academic Affairs, and was approved by the University Senate at its June 1, 1996 meeting:

NOW THEREFORE

BE IT RESOLVED, That the proposal to establish a University Ph.D. program in Nutrition is hereby approved, effective immediately.

**CREATION OF UNIVERSITY SENATE DIVERSITY COMMITTEE**

Resolution No. 97-4

Synopsis: Creation of the University Senate Diversity Committee is recommended.

WHEREAS the integrity and quality of our academic community require both a richly diverse administration, faculty, staff, and student body; and

WHEREAS our vigilant attention is required to assure equitable treatment for all; and

WHEREAS there appear to be overlapping functions of the President's Committee on Diversity and the University Senate Committee on Women and Minorities; and

WHEREAS there appear to be some diversity concerns not dealt with adequately by the Committee on Women and Minorities; and

WHEREAS the Steering Committee of the University Senate in its role as the committee on committees is convinced that there should be a single committee which performs the functions now being performed by the two committees; and

WHEREAS the Committee should be of the appropriate size to be effective and to allow a workable subcommittee structure; and

WHEREAS the Steering Committee is committed to the view that this single committee is properly a standing University Senate Committee; and

WHEREAS the President has agreed that the President's Committee on Diversity be dissolved and at its June 1, 1996 meeting the University Senate approved the recommendation that the University Senate Committee on Women and Minorities be dissolved and that a University Senate Diversity Committee be established as described in the accompanying amendments to the Rules of the University Faculty:

NOW THEREFORE

BE IT RESOLVED, That the recommendation to create the University Senate Diversity Committee is hereby approved.

**RESOLUTIONS IN MEMORIAM**

Resolution No. 97-8

Synopsis: Approval of five Resolutions in Memoriam.

RESOLVED, That the Board adopt the following Resolutions in Memoriam and that the President be requested to convey copies to the family of the deceased.

### **RESOLUTIONS IN MEMORIAM (contd)**

Eleanor R. Devlin

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on April 12, 1996, of Eleanor R. Devlin, Associate Professor Emeritus in the University Libraries.

Eleanor Devlin was born February 23, 1913, in Boston, Massachusetts. She received her B.A. from Albertus Magnus College, New Haven, Connecticut in 1935, and her degree in library science from Simmons College, Boston, Massachusetts in 1944. In addition, she received a master of liberal arts degree from the University of Pennsylvania, Philadelphia in 1953.

Professor Devlin worked in the library field for forty-five years, of which twenty-three were at The Ohio State University. Before joining The Ohio State University Libraries for the first time in 1959, she worked in the Reference Department of the Boston Public Library from 1938-1946; the Veterans Administration Hospital Library, Bedford, Massachusetts from 1946-1947; the University of Pennsylvania Library, Philadelphia from 1947-1955; and Ohio University Library, Athens, Ohio from 1955-1959. Following four years (1959-1963) as a Reference Librarian at Ohio State, Eleanor was appointed Head of the Reference Department at Temple University, Philadelphia (1963-1968). In August 1968 Eleanor returned to The Ohio State University Libraries as Head of the Reference Department and served in this capacity until 1976 when she became the Senior Research Consultant, a position she held until her retirement in 1983.

Eleanor's real devotion was reference work, and she was considered by her colleagues, faculty and students to be a reference librarian par excellence. In addition to her administrative responsibilities and her reference work, Professor Devlin was involved in a number of professional organizations, including the American Library Association.

On behalf of the University, the Board of Trustees expresses to the family of Eleanor R. Devlin its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees, and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Theodore Lyman Moor

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 22, 1996, of Theodore L. Moor, Assistant Professor Emeritus in the College of Dentistry.

Dr. Moor was a distinguished veteran of WWII, serving his country as a medical corpsman in the United States Air Force.

Dr. Moor attended the University of Toledo and graduated from The Ohio State University College of Dentistry in 1951. He was engaged in the private practice of dentistry from 1951 to 1972. Dr. Moor began teaching at the College of Dentistry in 1972, having a special interest in the area of complete dentures. He retired from the college as Assistant Professor Emeritus in 1988.

Dr. Moor was active in the Columbus Dental Society, the American Dental Association, the Ohio Dental Association, and the Psi Omega dental fraternity as well as a member of The Ohio State University Faculty Club. He was also very active in many other professional, community and religious organizations. He was an active proponent of open and respectful discussions of local and global issues.

On behalf of the University community, the Board of Trustees expresses to the family of Professor Moor its deepest sympathy. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's realization of the loss that the family, his students, the University, and his many friends and associates have sustained.

## **RESOLUTIONS IN MEMORIAM (contd)**

### **William G. Pace III**

The Board of Trustees of The Ohio State University expresses its sorrow upon the death, on June 16, 1996, of William G. Pace III, M.D., Clinical Professor Emeritus in the Department of Surgery.

Dr. Pace was born on March 22, 1927, in Columbus, Ohio. He completed his M.D. degree and internship at the University of Pennsylvania School of Medicine. After achieving the highest grade in the State of Ohio on his Medical Board Examinations, Dr. Pace entered a surgical residency at The Ohio State University, which he interrupted for two years to serve as Captain in the United States Air Force in the Korean Conflict. Completing his residency at The Ohio State University in 1960, he then underwent a two-year postgraduate fellowship with the American Cancer Society. Dr. Pace joined the faculty of The Ohio State University in 1961, and served the University for 36 years until his death.

Dr. Pace was an active faculty member. For ten years he was Assistant Dean of The Ohio State University College of Medicine and the Director of the Center for Continuing Medical Education. He founded the Medical Education Network and expanded The Ohio Radio Education Network for Physicians from 24 to 125 individual hospitals in six states. He was the author of more than 100 articles, several books, 12 scientific exhibits, and 17 teaching motion pictures which were presented at national and international surgical meetings. Dr. Pace was a member of 26 national and international surgical societies. He served on many committees for the American College of Surgeons, and as president of The Columbus Surgical Society. In addition, he held memberships on numerous committees and boards in the Columbus community.

The William G. Pace III Endowment was created in honor of Dr. Pace in 1969. Through his efforts the fund became one of the largest endowments in the Medical Center and has recently been used to establish two prestigious endowed faculty chairs. "The William Greenville Pace III Endowed Chair in Cancer Research" will support hematology/oncology research and "The William Greenville Pace III and Joann Norris Collins-Pace Chair Fund for Cancer Research" will focus on surgical oncology.

On behalf of the University, the Board of Trustees expresses to the family of Dr. William G. Pace its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

### **Madison H. Scott**

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on June 8, 1996, of Madison H. Scott, Vice President Emeritus in the Board of Trustees Office.

Madison H. Scott was born August 10, 1929, in Union Springs, Alabama. He enjoyed a thirty-year career in the military that began in 1948 when he enlisted in the United States Army and served on active duty in the occupations of both Germany and Japan, and the Korean Conflict. Upon completion of his tour of duty in Korea, he entered The Ohio State University and received a Bachelor of Arts degree in political Science in 1958. Madison Scott continued service to his country in the Army Reserves and attained the rank of command sergeant major, the highest standing for a non-commissioned officer, and was honored with a Bronze Star and a Meritorious Service Medal.

Madison Scott returned to The Ohio State University in 1968 as the first Director of Equal Employment Opportunity. He continued to serve this University in many capacities, including serving as the University's first Affirmative Action Officer, the Vice President for Personnel Services, and Executive Assistant to the President. During his career he also served as Secretary of the University's Board of Trustees from 1979 until his retirement in 1993, when he was named Vice President Emeritus.

Mr. Scott served on countless University committees and on a wide range of commissions, boards of directors, and boards of trustees, including the Board of Examiners, United States Civil Service; the Ohio Supreme Court's Board of Grievances and Discipline; Children's Hospital; the Worthington United

Methodist Children's Home; and Anthem Health Insurance Company of Cincinnati, Ohio. He was the recipient of many awards and honors in the larger community, including the Columbus Bar Association's Liberty Bell Award. He also was recognized for his dedicated service to his *Alma Mater* by his department with a Distinguished Alumnus of Political Science Award and by the University with a Distinguished Alumnus Award.

On behalf of the University, the Board of Trustees sends deepest condolences to the family and friends of Madison Hensley Scott for their loss. He will long be remembered for his enthusiasm, loyalty, and dedication to this University and will be sadly missed by his many friends and colleagues.

It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Virginia E. Yagello

The Board of Trustees of The Ohio State University expresses its sorrow upon the death on May 23, 1996, of Virginia E. Yagello, Professor Emeritus in the University Libraries.

Virginia Yagello was born September 10, 1919, in Cleveland, Ohio. She received the B.A. in History and German from Western Reserve University, Cleveland, in 1944 and an M.L.S. (master's degree in library science) from Carnegie Library School, Pittsburgh, in 1950.

Professor Yagello had been associated in the library field for thirty-eight years of which twenty-seven were at The Ohio State University. Before joining The Ohio State University Libraries in 1961, she was a Special Services Librarian, Department of Army, serving in Europe from 1954-1961. Prior to this service she was a Young Adult Librarian, 1950-1954 at the Enoch Pratt Free Library, Baltimore, Maryland. From 1961 to 1963 she was the Assistant to the Head of Department Libraries. In 1963 she became Head, Chemistry Library and in 1967 added Head, Physics Library. As head of each of these libraries she was responsible for the collection's growth of over one hundred percent in each of the libraries.

In addition to her administrative responsibilities, Professor Yagello was very active in many professional organizations. She gained a national reputation with her work in the Special Libraries Association. In 1973-74 she was elected as Vice Chairperson and Chairperson, Chemistry Division, S.L.A. In May 1977 she was elected to the Board of Directors, and served as Chair of the Associate Division Cabinet.

Professor Yagello's research and publication activities included over 20 articles, 30 plus book reviews, and a Guide to the Literature on Chemical Engineering.

On behalf of the University, the Board of Trustees expresses to the family of Virginia Yagello its deep sympathy and sense of understanding in their loss. It was directed that this resolution be inscribed upon the minutes of the Board of Trustees and that a copy be tendered to the family as an expression of the Board's heartfelt sympathy.

Upon motion of Mr. Shumate, seconded by Mr. Celeste, the Board of Trustees adopted the foregoing resolutions by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido.

## RESEARCH FOUNDATION REPORT

Mr. Celeste:

I would like to call on Dr. John Hall to give us an update on the Research Foundation Report.

## **RESEARCH FOUNDATION REPORT (contd)**

Dr. John Hall:

Thank you. A copy of the report of the May 1996 Grants and Contracts of The Ohio State University Research Foundation was previously provided to each of the members of the Board. Under Tab 1, you will notice that expenditures from external sources are below last year by 5.3 percent, for a total of \$148.4 million through May 31, 1996. Awards for the year are in excess of \$145 million. This is 7 percent below the July to May time period last year.

A summary of the award totals is given in the second section of this report. At Tab 3, we have highlighted five projects that cover a broad range of scholarly research. Professor Jonathan Young and colleagues have received an award of \$484,900 to first set up the speed control and steering systems in the test vehicle, and then to study such things as integration of front- and side-looking radar, radar construction, and speed and headway control design.

The College of Food, Agricultural, and Environmental Sciences received \$396,250 from the W.K. Kellogg Foundation for Phase II of Project Reinvent. Professors Diane Birckbichler and Galal Walker received \$310,000 from the Department of Education to develop pathways to advance language competencies, especially in less commonly taught languages. Professors Lonnie Thompson and Ellen Thompson have received \$299,000 from the National Aeronautics and Space Administration to continue a Paleoclimate Study of the High Russian Arctic.

Listed in Tab 4 is a complete list of new awards received in May. This concludes my report.

## **REPORT OF RESEARCH CONTRACTS AND GRANTS**

Resolution No. 97-9

Synopsis: The reports on research and other sponsored program contracts and grants and the summary for May 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from governmental, industrial, and other agencies in support of research, instructional activities, and service; and

WHEREAS such monies are received through The Ohio State University Research Foundation:

NOW THEREFORE

BE IT RESOLVED, That the research agreement between The Ohio State University and The Ohio State University Research Foundation for the contracts and grants reported herein during the month of May 1996 be approved.

Upon motion of Mr. Celeste, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous voice vote.

## **STUDENT AFFAIRS COMMITTEE REPORT**

Ms. Smith:

I am pleased to report that the Student Affairs Committee is very supportive of the proposed allocation of the one percent tuition set-aside. Allocation of the set-aside has clearly been a symbolic issue for this University.

### **STUDENT AFFAIRS COMMITTEE REPORT (contd)**

Ms. Smith: (contd)

When over 70 percent of the set-aside is allocated toward CUE initiatives, I think that this administration is making a powerful statement to students. It is a statement that clearly demonstrates a responsiveness to those issues and concerns of students here at The Ohio State University, although I hope that this allocation of set-aside dollars reflects this University's on-going commitment to support the CUE proposals. At Ohio State, the student is the consumer.

Yesterday we discussed how value-sensitive consumers are. It is services such as academic advising, career counseling, and student programming that have a direct impact on the student experience at Ohio State. The idea of a student experience must not be taken lightly, for it is the quality of this experience that is reflected in Ohio State's retention rate. Thus, it is vitally important that we respond to both the academic and non-instructional needs of all of our students. One might argue that one of the major indications of this University's success is the type of graduates that we produce, and it is the value added to a student during their career at Ohio State, both inside and outside of the classroom, that shapes our graduates.

I would also like to take this opportunity to commend Provost Sisson and Vice Presidents Shkurti and Williams for their commitment in soliciting student input during the allocation process of the one percent set-aside. I believe that the increased level of student input concerning the set-aside allowed this University to be more accountable to the students. That concludes my report, Mr. Chairman.

Mr. Wexner:

Thank you. As you know -- and it should be said publicly -- the notion of the students having primacy in our minds as Trustees is an important issue. The set-aside -- and the students' input and seeing themselves as being satisfied customers, and us being responsive to them -- is important. I hope that message is going both ways -- the good news to us and, hopefully, our concerns to them.

### **FISCAL AFFAIRS AND INVESTMENTS COMMITTEE REPORT**

Mr. Skestos:

Mr. Chairman, our Committee met earlier today and we heard several reports including the Endowment Report, the Equity Portfolio Comparisons, and the West District Plan. I would now like to call upon OSU's man for all seasons, David Williams, who will provide us with an update on Campus Partners.

### **CAMPUS PARTNERS UPDATE**

Mr. David Williams:

Thank you. I apologize for those who have already heard some of this, but I am going to give an update on Campus Partners. In your packets, you will find a very large document entitled, "University Neighborhoods Revitalization Plan." Now first I want to make it very clear this is nothing more than a plan. It is a document. There are actually disclaimers in it. It does not suggest that any of this, or all of this, will be done. This is just a beginning phase.

### **CAMPUS PARTNERS UPDATE (contd)**

Mr. Williams: (contd)

In one aspect we have completed phase one, we now have a plan. We have looked at things. We have seen what we think is wrong, and we have now come up with a number of recommendations that we can look at.

The highlights of that plan are as follows. It is something that we started 18 months ago and we have now finished phase one. We knew that if we were serious about our involvement in the neighborhoods east and south of us, that it would be a long haul, and we were prepared that it would take a number of months to just do the planning. In that there are over 250 policies and recommendations that we have looked at and we have come out with, the length of the document and the length of time is a clear reflection of the significant community and student input balanced with the consulting team's strongest recommendations.

I want to go back and stress that significant community and student input. Part of the reason why we have taken the long period of time that we have, and the document is so large and comprehensive, is because even when we got to what we considered our final draft -- our final draft became a final, final, final draft. We kept going back and making sure that we had as much buy-in in this process as we could.

In addition, as we were going through this, we had the great advantage of having two other individuals who -- because of their commitment and their affection for Ohio State and the community -- basically gave us recommendations and input that we did not have to pay for. They were consultants, but we didn't have to pay them. They were Dr. Gerald McCue, former dean of the College of Architecture at Harvard, and Robert Larson, a senior official for Taubman Realty Group, an international development company, and vice president for Urban Land Institute. And from them we got a lot of positive recommendations -- even up to this final document -- things that we are going to try to incorporate in this.

This whole process was finally structured around six core values -- this is what we are trying to funnel everything through -- and these values are as follows: a model for University community relationships; a place of pride; culture and socio-economic diversity; a neighborhood of choice; demonstrated new leadership; and active participation of individuals and agencies. Based on those six core values and all of the input, we have a number of recommendations and that can be divided into eight areas. I want to just first tell you the eight areas and then concentrate on three for the moment. They are: planning and land use; commercial market; residential market; safety and law enforcement; human services; public service; code enforcement; and transportation and parking.

Now there is a role for Ohio State in each of those eight areas. Let me just talk about three areas, because those would be areas where Ohio State would have to play a major part. The first area is the commercial market. Some recommendations are: the potential redevelopment of the south campus bar area as an urban retail and entertainment center; to create incentives to redevelop neighborhood commercial sites; and to create a High Street special improvement district.

The second area is the residential market. We would have things like: tiered staff and faculty housing incentives to stabilize and improve the neighborhood; active upgrading of the quality of student housing by removing problem properties through public/private partnerships or direct intervention and the creation of a Property Owners Association for maintenance; and property management training and resident advisor programs in east, south, and north campus areas.

### **CAMPUS PARTNERS UPDATE (contd)**

Mr. Williams: (contd)

The third area is human services -- to take a community of education as a central theme -- and this is where our Campus Collaborative initiative becomes so important.

We would try to increase the involvement of faculty, staff, students, and community members through teaching, research grants, and community service opportunities. They would be involved with such initiatives as how we improve the neighborhood schools via teaching, training and technology, employment training, and job creation for the area through extension services. We would also try to improve the student quality of life through community involvement and better service and facilities off campus.

If you look at those three areas, what we have come up with is basically four key points of priorities for the University that we are going to try to explore. The first key point of priority is the housing for faculty and staff. We are all in agreement, all of our partners, that one key thing that is going to have to happen to improve that area is home ownership. So the University needs to be very serious and aggressive about whether or not and how we can plan some incentive programs to try to get faculty and staff to move into and live in the neighborhood.

The second key point of priority is housing for students. We went into this project because we were concerned about our students, we were concerned about their safety, and the housing opportunities. So how do we create quality, affordable housing for our students in the area?

The third key point of priority is commercial development. What do we need to do, if anything, to change the commercial outlook on High Street? Do we want it the way it is? If not, what things do we need to do and how we need to go about changing that?

And the fourth key point of priority is the human services piece. This, once again, goes back to the Campus Collaborative, through the leadership of Dean Nancy Zimpher. How will we involve our faculty and staff in doing the things that Ohio State does so well, but concentrating some of that in the area of our neighbors?

Who has approved the plan so far? One of the things that is very important to us is that this plan has a lot of buy-in, and so we have at least five groups that have already unanimously voted to either accept, endorse or approve the plan. The five groups are: the University Area Commission; the University Community Business Association; obviously, the Campus Partners Board of Trustees -- a number of people in this room are on that board; the Columbus Development Commission; and the Columbus Historical Resource Commission. At some point in time we would like -- not today, but in the future -- this body to approve, accept or endorse the plan. We will also be going to the Columbus City Council in early fall for the same sort of thing.

One other important thing is the partners. This is a partnership. I think when we started this we thought about Ohio State and the City of Columbus. We learned very quickly, as we should have, that there was a third major partner, that was the community. So right off the bat we had the City of Columbus, Ohio State, and the community as partners. There are other people in agencies that have joined on already who have said, "We are partners and we understand we haven't got the implementation, but wherever we go, we will be a part of this." There are groups like the Columbus Foundation, who has already given us two grants to do some of the work that we have been doing.

Private developers are another group. We have had three or four private developers who have already indicated interest and have submitted to us ideas of things that

### **CAMPUS PARTNERS UPDATE (contd)**

Mr. Williams: (contd)

they could do in this area. We also have major property owners as partners. One of the recent things that we have done is we have just concluded our first meeting with Flowers Industry. Flowers Industry just recently bought the Big Bear Bakery and they have come to us and said, "We are now in this neighborhood, we want to work with all of you to make that facility the sort of facility that we want to have in this area."

As I said, the University Community Business Association, a number of local businesses, many individual homeowners, long-term renters, the University Area Commission, neighborhood-based associations and agencies, and the U.S. Department of Housing and Urban Development have indicated to us that they would like to be a part in two of our efforts. The Campus Collaborative can help us in that. Through that, there is a great program called, "University Partnerships/University Links," and four HUD Offices around the country have been designated as demonstration sites. Columbus is one demonstration site, and Columbus is actually the only non-regional office. This will provide a link for us to get money from HUD through the University Partnership Program. The other way that they would like to be helpful is in our faculty/staff incentive program. They can help us get to the point of doing some sort of creative financing so that we can offer incentives for faculty and staff to live in the area.

The U.S. Department of Justice is also a partner. We have just signed an agreement where we are a part of what is called the "Weed Debatement Program," that is sponsored by the United States Department of Justice in this area.

There are a lot of next steps that we have to do, but I think there are two very important ones. One is that we are at a point where we have to appoint a new president for Campus Partners. I am happy to say that we hope to have that done by the end of August. We've been working very, very hard, and we really believe that we will have this done, not by the end of August, but actually by the end of July. We have narrowed the field down to four people. The Campus Partners Board has interviewed all four, and we are waiting for the President and the Mayor to interview them next week. We hope to have a decision within ten days.

The second important step after that is to develop the implementation strategy. That is the next major step. How do we go out and pick what limited amount of key projects we are going to focus on, on what I call the first stage of implementation? That is what we plan to do over the next two to three months.

Finally, let me talk about some of the things that have already been done. In this 18-month period of planning, some things have improved already: increased street sweeping and increased trash pick-up in the area. The Safety Committee of Campus Partners has been working both with our police and the City police to try to put a presence in the area. We were hoping very much that the City police would put one of their substations in there. They have not agreed to do that as of yet, but we do have a presence with our police who have a substation over in that area.

We have moved our Off-campus Student Services Office, which services students who live off campus. It was in the Union, but we have now moved it off campus, to an area where many of our students live. This office provides all sorts of services, including: how to help you with a landlord if you are having a problem, to how to pick a place to live. We hope to get to a point, too -- in conjunction with Campus Collaboratives -- to have tutorial services, computer services, all sorts of things. Human Resources, through Linda Tom, has already set up an employment office in the area. And, finally, I think, one of the biggest things that has come out of the

### **CAMPUS PARTNERS UPDATE (contd)**

Mr. Williams: (contd)

Campus Collaborative -- through the leadership of Nancy Zimpher -- is the development of a partnership for technology and education in the Campus Partners' area. This basically has our College of Education working with the Columbus Public Schools in order to improve the quality of the schools in that area.

Mr. Chairman, I submit to you that is where Campus Partners is right now. As I said earlier today, I would like to take the time to thank Steve Sterrett and Joe Williams, both are in the audience. Would you gentlemen please stand?

I think that it should be noted that, in particular, after Mr. Barry Humphries resigned, we were put in a situation where we really had to call on the staff to do a lot more work. I would submit to you that wherever we are and however you feel about it -- and I hope that you feel positive about it -- certainly these two gentlemen have had a lot to do with it. They have spent a lot of time working with people in the community. My pleasure in this is the fact that in the number of projects that I have been involved with, even before coming to Ohio State, I have never seen as much buy-in through the community as in this project. I would suggest that these two gentlemen have a lot to do with that.

Thank you.

### **BUDGET UPDATE**

Provost Richard Sisson:

Mr. Chairman, since my good colleague, Vice President Shkurti -- with whom I have worked very closely in the development of the budget -- made such a brilliant presentation to the Fiscal Affairs and Investments Committee this morning, I think that it would be in the best interest of the Board were I to defer to his articulate tongue, which I hereby do.

Mr. William Shkurti:

Mr. Chairman, with that introduction it is very hard to follow-up appropriately. So what I will do -- since I did give a very intense presentation before the Fiscal Affairs and Investments Committee -- is not go over the details, but simply raise two important points about the budget that I think, for the Board as a whole, are important.

One of the questions that I often get from the Board -- and, I know, Dick does as well -- is "What are our priorities, we seem to be doing a lot of different things?" I think if you look at the budget from the way that it is laid out, it is clear that the priorities fit around the focus of the students in three ways. The first priority is the academic product and the quality of the academic product, because this is first and foremost an academic institution. For a strong academic product, we need a strong faculty. So that was the first planning assumption, objective, and priority in the budget.

But as important as the quality academic product is, it doesn't mean anything if the students aren't here. So the second part of this triangle is the student experience, both in and outside of the classroom. To have a strong academic program and a good student experience in our society in the 1990's, you need some degree of money. Throwing money at these is not the way to do it, but you do need a level of financial support combined with a good academic product and a good student

### **BUDGET UPDATE (contd)**

Mr. Shkurti: (contd)

experience to have the enrollments that provide the opportunity for revenue growth and a good fundraising campaign. This, in turn, then allows resources to be focused back into the quality of the academic product and the student experience. So those are the priorities that the budget is built upon and the three fit upon each other, and the glue that holds it altogether is the focus on the students.

The second major point that I would like to make about the budget is, again, an issue that the Board of Trustees has raised in the past -- and also the Senate Fiscal Committee -- which is that it is important for the administration to run the day-to-day operations of the institution, but we also need to take a strategic view of where we are going on a multi-year basis. In the materials presented to the Board -- at the tail end -- are the multi-year issues involved in this budget, both in terms of what we tried to accomplish last year and the goals for the following year on a broader sense.

Those four general areas are: 1) increasing the University's capability to deal with uncertainty, because we are dealing in a world that is changing much more rapidly than it has in the past; 2) realigning the incentives of the budget process with the academic goals of the institution, so the budget process serves the academic goals not the other way around; 3) making better use of the resources we have, because we will not have -- no matter how much revenue growth we have -- enough to do everything that we need to do; and 4) to align very closely and explicitly the academic planning process and the budgeting process, which we are also trying to do. So we will keep the Board updated on those as the year goes on.

After several years of presenting budget cuts to the Board and to the University, I am delighted to, for the second year in a row, be presenting a balanced budget without across-the-board budget reductions. We hope to take the necessary steps, with your support, to keep doing that in the future.

Mr. Skestos:

Thank you, Mr. Shkurti.

### **1996-97 CURRENT FUNDS BUDGET**

Resolution No. 97-10

Synopsis: The budget for fiscal year 1996-97 is being submitted for adoption.

WHEREAS the levels of resources have been identified for the second year of the 1995-97 biennium; and

WHEREAS current legislation requires a second separate vote for any tuition increases above 4 percent for the combined General and Instructional Fees for in-state undergraduates; and

WHEREAS an increase of 4 percent in combined General and Instructional Fees for in-state undergraduates was previously approved at the May 3, 1996 meeting; and

WHEREAS an additional increase of 2 percent, for a total of 6 percent, must be approved on a contingent basis in a separate vote; and

WHEREAS the Board is authorized to set the compensation of the President; and

WHEREAS appropriate planning and consultation within the University has been accomplished; and

WHEREAS the President is now prepared to present the 1996-97 budget:

**1996-97 CURRENT FUNDS BUDGET (contd)**

NOW THEREFORE

BE IT RESOLVED, That tuition and fees be increased for in-state undergraduates and all other levels of students as specified in the accompanying materials; and

BE IT FURTHER RESOLVED, That the University's *Current Funds Budget* for fiscal year 1996-97, as described in the accompanying text and tables, be approved, with authorization for the President to make expenditures within the projected income levels; and

BE IT FURTHER RESOLVED, That the salary increase for President Gee will be 5 percent for fiscal year 1997; and

BE IT FURTHER RESOLVED, That the Secretary be instructed to incorporate all supporting documents into the minutes of this meeting, and to file these materials with the official records of this University.

Upon motion of Mr. Skestos, seconded by Mr. Shumate, the Board of Trustees adopted the foregoing resolution by unanimous roll call vote, cast by Messrs. Wexner, Shumate, Celeste, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido.

(See Appendix I for the *Current Funds Budget*, page 49.)

**UNIVERSITY DEVELOPMENT REPORT**

Mr. Skestos:

Mr. Chairman, I have several other resolutions to present for the Board's approval this morning. However, first I would like to give a report on the University's Development progress.

The monthly Development Report is in your notebooks and, as you can see, during the period of July/May the University has received \$78.4 million in gift receipts, nearly \$20 million more and a 34 percent increase over the same period one year ago. At our next meeting it appears to be certain that we will be able to report a new all-time record in annual gift support.

The Affirm Thy Friendship Fundraising Campaign also continues to progress nicely. At the end of May, the Campaign total stood at \$394.1 million in gifts, pledges, and planned gifts to the University. This represents achievement of 46 percent toward the \$850 million goal and acquisition of \$112.9 million in gifts, pledges, and planned gifts since the Campaign began on September 28, 1995.

The resolution that is before us this morning is to approve the establishment of three named endowed funds and revisions to four others. I would ask that we would hold off voting on this until I have presented a number of other resolutions.

**REPORT ON UNIVERSITY DEVELOPMENT**

Resolution No. 97-11

Synopsis: The report on the receipt of gifts and the summary for May 1996 are presented for Board acceptance.

WHEREAS monies are solicited and received on behalf of the University from alumni, industry, and various individuals in support of research, instructional activities, and service; and

# REPORT ON UNIVERSITY DEVELOPMENT (contd)

WHEREAS such gifts are received through The Ohio State University Development Fund and The Ohio State University Foundation; and

WHEREAS this report includes the establishment of three (3) new named endowed funds and amendments to four (4) endowed fund:

NOW THEREFORE

BE IT RESOLVED, That the acceptance of the report from The Ohio State University Development Fund and The Ohio State University Foundation during the month of May 1996 be approved.

### NOTES

- A Overall individual giving this year is running 71% ahead of last year for the July-May reporting period. Alumni have given \$15.3 million more during the July-May period this year than last, highlighted by eight gifts of \$1 million or more totaling \$13.3 million. Non-alumni giving is also running about \$3 million ahead of the same period last year. The largest gift from a non-alumnus is \$1.2 million.
- B Corporate giving is up slightly (3%). Last year there were 507 corporations providing private support of \$10,000 or more (\$17.5 million). This year private support at the \$10,000 level is \$18.8 million (485 corporations).
- C Gifts of \$10,000 or more from private foundations total about \$100,000 more than during last year's comparable reporting period.
- D Gifts of \$10,000 or more from associations and other organizations are up \$700,000 this year for the July-May period.

##### **The G. Preston Hoff Graduate Fellowship in Chemistry**

The G. Preston Hoff Graduate Fellowship in Chemistry was established July 12, 1996, in honor of G. Preston Hoff (B.A. Chemistry '21; M.S. Chemistry '22; Ph.D. Chemistry '25; Honorary Doctorate Science '64) by the Board of Trustees of The Ohio State University with gifts to The Ohio State University Development Fund from the estate of his late wife, Eleanor Hammond Hoff (B.S.H.E. '21).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be assigned to the Graduate School to provide one or more graduate fellowships in fields of chemistry. Selection of the recipient shall be made by the Dean of the Graduate School in consultation with the University Committee on Student Financial Aid. The recipient's title will be "G. Preston Hoff Graduate Fellow."

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then the income may be used for any purpose whatsoever as determined by the Board of Trustees, with preference being given to the recommendations of the Dean of the Graduate School or appropriate administrative officials of the University who are then directly responsible for graduate student education in order to carry out the desire of the donor.

\$100,000.00

##### **The David S. Hunt Scholarship Fund**

The David S. Hunt Scholarship Fund was established July 12, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Fern E. Hunt (B.S.H.E. '48, M.S. Human Ecology '54, Ph.D. Human Ecology '65) Columbus, Ohio, in memory of her husband, David S. Hunt (B.S.Ed. '45).

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

##### **The David S. Hunt Scholarship Fund (contd)**

The annual income shall be used to provide funding for academic merit scholarships to undergraduate students with a preference for students from Tuscarawas County, Ohio. Award decisions shall be made in consultation with the respective high school guidance counselors by the University Committee on Student Financial Aid.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the appropriate college dean, department chairperson, or program administrative officer in order to carry out the desire of the donor.

\$26,171.88

##### **The Bloom Family Scholarship Endowment Fund**

The Bloom Family Scholarship Endowment Fund was established July 12, 1996, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Clifford M. Eldredge (B.S. Physical Therapy 1965; M.S. Allied Medical Professions 1971) and Janis Bloom Eldredge (B.S.Ed. '70), in memory of George "Wally" and Ina Bloom.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be used to award one or more annual scholarships to an entering freshman at The Ohio State University. Applicants for this scholarship shall be 4-H members, either current or alumni, and current residents of Ashtabula County, Ohio. Excess income shall accrue to the principal balance until such interest is sufficient to award an additional scholarship of a like amount, under the same conditions. In the event there is no qualified applicant, unused interest shall accrue to the principal balance. The beneficiaries and the number of scholarships are to be determined by a committee of, or approved by, the Ashtabula County 4-H Advisory Committee in consultation with Clifford and Janis Eldredge or their designee, and in consultation with the University Committee on Student Financial Aid.

It is the desire of the donors that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, the income may be used for any purpose whatsoever as determined by the Board of Trustees with preference being given to the recommendation from the appropriate administrative official of the University who is the Director for the OSU Extension, 4-H Youth Development, in consultation with a committee representing the local 4-H donors.

##### **The Paul E. Bates Chemical Engineering Scholarship Fund**

The Paul E. Bates Chemical Engineering Scholarship Fund was established August 30, 1995, by the Board of Trustees of The Ohio State University with a gift to The Ohio State University Development Fund from Paul E. Bates (B. Ch.E. '49) of Woodlawn, Ohio. The fund's guidelines were revised at the request of the donor July 12, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

The annual income shall be awarded to worthy and deserving Chemical Engineering students who have demonstrated promise of academic achievement. Preference will be given as follows: 1) African-American graduates of Columbus (OH) East High School; 2) African-American graduates of Cincinnati (OH) Princeton High School who are Woodlawn, Ohio, residents; and 3) other African Americans. The award recipients shall be selected by the Chairperson of the Department of Chemical Engineering in consultation with the University Committee on Student Financial Aid. The award is renewable. The Chemical Engineering department chairperson will reinvest all unused annual earnings into the principal before the end of each year. The department chairperson also is expected to communicate yearly with the donor regarding the Bates Scholarship program and its scholars.

It is the desire of the donor that this fund should benefit the University in perpetuity. If the need for this fund should cease to exist or so diminish as to provide unused income, then another use shall be designated by the Board of Trustees in consultation with the Dean of Engineering in order to carry out the desire of the donor.

##### **Karl V. Taylor Memorial Scholarship Fund in the College of Engineering**

The Karl V. Taylor Memorial Scholarship Fund in the College of Engineering was established November 2, 1984, by the Board of Trustees of The Ohio State University with a gift from Ruby Byers Taylor (B.A. Political Science '35) in memory of her husband Karl V. Taylor (B.C.E. '29; M.S. Civil Engineering '32). The fund's description was revised at the request of Mrs. Taylor and approved by the Board of Trustees July 12, 1996.

All gifts are to be invested in the University's Permanent Endowment Fund, under the rules and regulations adopted by the Board of Trustees of The Ohio State University, with the right to invest and reinvest as occasion dictates.

**CONTINUATION OF COMPUTER LABORATORY FEE  
IN BUSINESS**

Resolution No. 97-13

Synopsis: Authorization to continue with a computer laboratory fee in the Fisher College of Business is proposed.

WHEREAS the Fisher College of Business was authorized to implement a computer laboratory fee for its majors in Spring 1994; and

WHEREAS a review of the past year has shown the income from that fee to have been invested as planned and the planned past-year improvements in instructional computing services to have been accomplished; and

WHEREAS a survey of business students has shown substantial satisfaction with the improvements already made; and

WHEREAS the Fisher College of Business has monitored the use of computing laboratories and taken steps to increase accessibility as needed by students; and

WHEREAS there is a need to continue the implementation of the Fisher College of Business computer laboratory plan:

NOW THEREFORE

BE IT RESOLVED, That the Fisher College of Business is authorized to continue assessing undergraduate majors and graduate students in the college a computer laboratory fee. Beginning Autumn Quarter 1996 full-time undergraduate majors (12 credit hours or more) will be assessed \$85 and full-time graduate students (8 credit hours or more) will be assessed \$120 per quarter. The fee will be prorated at \$7 per credit hour for undergraduate majors enrolled for less than 12 credit hours and at \$15 per credit hour for graduate students enrolled for less than 8 credit hours. For subsequent years the computing fee will be limited to 10 percent of the resident undergraduate tuition and the prorated fees for students who are not full-time will be adjusted correspondingly; and

BE IT FURTHER RESOLVED, That the use of the Business computer laboratory fee will be reviewed by the Office of Academic Affairs, and subject to annual approval by the Board of Trustees, until the fee is eliminated or replaced by a University-wide computing fee.

**CONTINUATION OF COMPUTER LABORATORY FEE  
IN ENGINEERING**

Resolution No. 97-14

Synopsis: Authorization to continue with a computer laboratory fee in the College of Engineering is proposed.

WHEREAS the College of Engineering was authorized to implement a computer laboratory fee for its majors in Spring 1993; and

WHEREAS a review of the past year has shown the income from that fee to have been invested as planned and the planned past-year improvements in instructional computing services to have been accomplished; and

WHEREAS a survey of engineering students has shown substantial satisfaction with the improvements already made and a desire for increased staff support; and

WHEREAS the College of Engineering has monitored the use of computing laboratories and taken steps to increase accessibility as needed by students; and

WHEREAS there is a need to continue the implementation of the College of Engineering computer laboratory plan; and

WHEREAS students who are majors in computer and information sciences in the College of Mathematical and Physical Sciences make substantial use of Engineering computing laboratories, approximately two-thirds as much as their counterparts in Engineering, and are currently assessed the computing fee:

NOW THEREFORE

BE IT RESOLVED, That the College of Engineering is authorized to continue assessing undergraduate majors and graduate students in the college a computer laboratory fee and to expand services to include additional staff in labs. Beginning Autumn Quarter 1996 full-time undergraduate majors (12 credit hours or more) will be assessed \$110 and full-time graduate students (8 credit hours or more) will be assessed \$120 per quarter. The fee will be prorated at \$9 per credit hour for undergraduate majors enrolled for less than 12 credit hours and at \$15 per credit hour for graduate students enrolled for less than 8 credit hours. For subsequent years the computing fee will be limited to 15 percent of the resident undergraduate tuition and the prorated fees for students who are not full-time will be adjusted correspondingly; and

BE IT FURTHER RESOLVED, That majors in computer and information science who are enrolled in the College of Mathematical and Physical Sciences will continue to be assessed a computing laboratory fee by the College of Engineering at the rate of two-thirds of the amount assessed engineering majors; and

BE IT FURTHER RESOLVED, That the use of the Engineering computer laboratory fee will be reviewed by the Office of Academic Affairs, and subject to annual approval by the Board of Trustees, until the fee is eliminated or replaced by a University-wide computing fee.

**FORMATION OF THE OHIO HEALTH ALLIANCE**

Resolution No. 97-16

Synopsis: Approval for The Ohio State University to join and participate in a not-for-profit corporation, Ohio Health Alliance, for the purpose of developing and delivering a new Medicare Choices program is proposed.

WHEREAS participation in the Medicare program to the fullest extent possible is necessary to the teaching, research, and service missions of The Ohio State University; and

WHEREAS a joint collaboration between U.S. Health and The Ohio State University in developing a new Medicare managed care program, Medicare Choices, will allow for the creation of a more attractive, efficient, and comprehensive program of services to seniors; and

WHEREAS The Ohio State University Medical Center and the Board of Trustees have determined that the funds to be used to support such a managed care program will be fair consideration for the value and benefits received by the University; and

WHEREAS The Ohio State University Hospitals Board recommends that the best way to implement this new Medicare program is to join with the U.S. Health in the formation of a new non-profit corporation, the Ohio Health Alliance:

NOW THEREFORE

BE IT RESOLVED, That the Board of Trustees authorizes and endorses the establishment of and participation in the Ohio Health Alliance, a non-profit corporation, under Chapter 1702 of the Ohio Revised Code for the purpose of better providing for the health and welfare of the people of the State of Ohio by enhancing the availability, efficiency, and economy of hospital facilities and services, including to plan and develop the Medicare Choices product; and

BE IT FURTHER RESOLVED, That as appropriate and as directed by the President, anyone or more of the officers and employees of the University are hereby authorized, designated, and directed to serve as an incorporator of the corporation and/or as directors, officers, employees, and agents of the corporation, representing the University in such capacities as part of their official duties and responsibilities to the University and entitling them to any immunity, insurance, indemnity, and representation to which officers and employees of the University now are, or hereafter may be, entitled; and

**FORMATION OF THE OHIO HEALTH ALLIANCE (contd)**

**EMPLOYMENT OF ARCHITECTS/ENGINEERS  
AND CONSTRUCTION MANAGER**

Resolution No. 97-17

**OHIO STADIUM**

Synopsis: Authorization to employ architectural/engineering and construction manager firms for the Ohio Stadium project is proposed.

WHEREAS the University has commissioned a feasibility study, undertaken in concert with the Master Plan, to provide options for renovation and expansion of the existing Ohio Stadium; and

WHEREAS this study has provided numerous options with the associated estimated costs to provide additional seating capacity, improve sight lines, meet new code requirements, and address major deferred maintenance needs of the facility; and

WHEREAS the University now desires to proceed with the employment of a design firm to investigate the options of major renovation versus new construction, verify cost estimates, develop a program of requirements for a major renovation program, and perform the preliminary schematic design based on this assessment; and

WHEREAS the relocation of the Jesse Owens Track is an integral part of this project and its cost is included in the Stadium renovation cost estimates, but it will be performed under separate contracts, and the University will present this separate project to the Board for consideration at an upcoming meeting; and

WHEREAS the program of requirements, preliminary design, and associated cost estimates will be reviewed and approved by the University before granting authorization to proceed with further phases of design; and

WHEREAS the anticipated cost of the program of requirements and preliminary design is estimated at \$1.5 million to \$2 million, with funding provided through University bond proceeds, with the debt service being paid by the Department of Athletics:

**NOW THEREFORE**

**LEASE OF REAL PROPERTY**

Resolution No. 97-23

**ATI/OARDC APARTMENT VILLAGE, WOOSTER, OHIO**

Synopsis: Authorization to lease of approximately 12 acres of unimproved land in Wooster, Ohio, to facilitate the construction of residential facilities at ATI/OARDC through the use of a long-term lease/lease-back contract.

WHEREAS the University's Agricultural Technical Institute and Ohio Agricultural Research and Development Center in Wooster have a need for on-campus residential housing; and

WHEREAS the University prepared a program of requirements for a project to provide 118 apartment units to meet this joint need and established a budget of \$7,250,000 for the project; and

WHEREAS the University solicited competitive proposals through the Office of the University Architect and Physical Planning to select a developer to design, finance, and construct the project; and

WHEREAS the University has determined that the lowest and best proposal has been submitted by the Zaremba Group, Inc., to build the facilities for \$6,527,690 and to finance them through certificates of participation; and

WHEREAS the University and Zaremba desire to enter into a 20-year lease/lease-back contract to undertake this project; and

WHEREAS Chapter 3345 of the Ohio Revised Code authorizes the University to enter into long-term lease/lease-back contracts for housing facilities, and the University has determined that this project is the best way to provide the desired facilities at the lowest cost:

NOW THEREFORE

BE IT RESOLVED, That the President and/or the Vice President for Business and Administration be authorized to enter into a long-term lease/lease-back contract not to exceed 20 years with Zaremba Group, Inc., for the design and construction of the proposed ATI/OARDC apartment village and to execute such other documents as are necessary for this project.

**AUTHORIZATION OF MASTER LEASE**

Resolution No. 97-24

Synopsis: Authorization to enter into a Master Lease Agreement for the purpose of leasing equipment with an aggregate cost of approximately \$10 million for use by various departments of the University, is proposed.

WHEREAS the Office of the Treasurer and the Purchasing Department have concluded that tax-exempt leasing by The Ohio State University is an advantageous form of financing the acquisition of certain equipment for use by various departments of the University; and

WHEREAS the Office of the Treasurer desires to propose cost effective options for the leasing of equipment by various departments of the University; and

WHEREAS the Office of the Treasurer and the Purchasing Department have heretofore issued to leasing companies and other financial institutions Requests for Proposal with respect to such leasing program; and

WHEREAS to carry out the foregoing purposes, the University has selected Banc One Leasing Corp. (the "Lessor"), Columbus, Ohio, and has negotiated a Master Lease Agreement dated as of July 15, 1996, with said Lessor providing for acquisition and use under the Master Lease Agreement of various equipment:

NOW THEREFORE

BE IT RESOLVED, That the Treasurer be, and he hereby is, authorized and directed to enter into a Master Lease Agreement dated as of July 15, 1996, by and between the aforesaid Lessor and this University and, in consultation with legal counsel, to execute and deliver such other certificates, instruments and other documents, as are necessary or desirable to carry out the tax-exempt leasing program for the equipment mentioned above in an amount not to exceed \$10 million during the term of said Master Lease Agreement. This resolution shall take effect and be in force immediately upon its adoption.

Upon motion of Mr. Skestos, seconded by Mr. Sofia, the Board of Trustees adopted the foregoing resolution with six affirmative votes cast by Messrs. Wexner, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido, and an abstention cast by Mr. Shumate.

**LEASE OF LAND FOR THE JACK NICKLAUS MUSEUM**

Resolution No. 97-25

Synopsis: The Fiscal Affairs and Investments Committee, upon recommendation of the Department of Athletics, recommended the long-term lease of land to Jack Nicklaus Private Operating Foundation, Inc., a non-profit 501(c)(3) tax-exempt organization, for construction and operation of the Jack Nicklaus Museum.

WHEREAS Jack Nicklaus has greatly distinguished himself in every facet of the game of golf and has brought great credit to The Ohio State University where as an undergraduate he played collegiate golf and led the University team to Big Ten Championships in 1960 and 1961 and won the individual Big Ten and NCAA Championships in 1961; and

WHEREAS the University has the opportunity to have the Jack Nicklaus Museum be located on the University's Columbus Campus in the area which includes the Schottenstein Center, the Bill Davis Baseball Stadium and the Woody Hayes Athletic Center; and

WHEREAS the University would lease approximately two acres of undeveloped land along Olentangy River Road to Jack Nicklaus Private Operating Foundation, Inc. for the construction and operation of the Museum facility at the Foundation's sole cost and expense, with a land lease rental rate of \$1.00 per year; and

WHEREAS the Foundation has committed to compensate the University through additional lease payments over the initial 25-year term of the lease for certain development costs associated with displaced parking in the area of the Museum site; and

WHEREAS design of the Museum facility would be subject to University review and approval and the Museum facility would revert to University ownership after the initial and renewal lease terms; and

WHEREAS the Museum will provide internships and/or employment opportunities for University students and provide exhibit space for a University developed display reflecting the turf management program of the College of Food, Agricultural and Environmental Sciences, and the University's collegiate golf program; and

WHEREAS the appropriate University offices have determined that this long-term lease is in the best interest of the University:

NOW THEREFORE

BE IT RESOLVED, That the President and/or Vice President for Business and Administration be authorized, in the name of the Board of Trustees, to negotiate and enter into a long-term lease for the leasing of approximately two acres to Jack Nicklaus Private Operating Foundation, Inc. for construction and operation of the Jack Nicklaus Museum upon such terms and conditions as are deemed to be in the best interest of the University, subject to final review by the Board of Trustees.

Upon motion of Mr. Skestos, seconded by Ms. Longaberger Kaido, the Board of Trustees adopted the foregoing resolution with seven affirmative votes cast by Messrs. Wexner, Celeste, Colley, Skestos, Patterson, and Sofia, and Ms. Longaberger Kaido, and an abstension cast by Mr. Shumate.
